

CONSTRUCTION CRAFTS

Entry level

VENUE: Burslem Campus

DURATION OF COURSE: 1 year

SELECTION CRITERIA:

- A real interest in construction trades.
- A willingness to complete practical and written tasks.
- An interview and assessment to confirm suitability for the course.

BRIEF DETAILS OF COURSE:

This qualification is for young people who may be interested in a career in an area of the construction industry. It is particularly aimed at 16-18 year olds and provides the learner with basic skills in different areas of the construction industry including brickwork, carpentry and joinery along with added core units for each trade.

The course is a combination of practical and theory and will enable students to progress onto a higher level college course or onto the first step of a career in the building industry with further training.

MATHS & ENGLISH

All courses will include Maths and English.

This part of the course will help you to improve your Maths and English skills –Your friendly and experienced tutor will make sure the course uses everyday experience relevant to you.

HOW WILL I BE ASSESSED?

There is no final examination – you will be assessed by carrying out practical assessments and you will learn through a combination of theory and written sessions, practical workshops and discussion groups.

PROGRESSION ROUTE:

Once you have completed the course you might want to move onto

- Full time course – Multi-trades or single trade routes.
